Arts and Sciences

In this section we are looking for information to help solve two concerns: What classes can we offer in the newcomer's / dabbler's guild and Who could possibly teach them.

* Mark the first box in front of the Art or Science if you would have skill in and would be willing to teach or help teach that skill to others.

* Mark the second box if you would like to learn about that Art or Science, be it as a beginner, novice, or master.

** In the last few boxes, please feel free to add any of your own skills or interests, such as SCA 101 Etc...
